PROFILE SUMMARY
A recent industrial mathematics graduate with expertise in data analysis, web development (HTML, CSS, JavaScript, React, front-end libraries, and data visualization (d3.js)), and financial accounting (CPA intermediate). Proven ability to collect, analyze, and visualize data to support decision-making. Seeking to apply my analytical skills and technical knowledge in a dynamic professional environment.

EDUCATION
JKUAT |2019-2023
Bachelor of Science in Industrial Mathematics
- Graduated with [Pass]
- Relevant coursework: statistics, discrete math, calculus, fluid dynamics, and optimization techniques.

CPA Certification (Intermediate Level)
Ongoing
FreeCode Camp
HTML/CSS, JavaScript, Data Visualization(d3.Js), Front-End Libraries(React and Bootstrap)

WORK EXPERIENCE
Proffessional QA Software Tester | 2024 - Present
- Conducted software testing and quality assurance checks.
- Identified and documented bugs and usability issues.
- Collaborated with development teams to improve product quality.

MTRH, ELDORET | Feb - Apr 2023
- Collected and analyzed hospital performance data using Excel
- Developed data visualization dashboards tracking key health indicators
- Assisted in creating evaluation frameworks for hospital programs.

SKILLS
[**Web Development**] ████████████ 90%
(HTML/CSS, JavaScript, React, Data Vitz(D3.JS))
[**Data Analysis**] ████████ 80%
(Excel, Statistical Modeling)
[**QA Testing**] ██████ 70%
(Test.io platform)
[**Mathematics**] ██████████ 90%
(Industrial Applications)
